We recommend that you should first become familiar with Adobe Acrobat Reader and the navigation inside pdf documents. The Reader provides excellent online guide via the 'Help' menu.
In brief, you can follow links in the pdf table of contents by moving the pointer (the hand , zoom or selection tool) and clicking when it changes to a hand with a pointing finger . You can also navigate and return back to the table of contents by selecting the bookmark (Show/Hide Navigation Pane).

Goto Preface or to Table of contents.
